The Links, Incorporated Programs

SERVICES TO YOUTH

The Links, Incorporated focuses on providing a range of innovative, substantive and sustainable Pre-K – 16 programming which contributes proven results to key educational or social/community issues.

THE ARTS

The Links, Incorporated has a strong and rich record of support for the performing and visual arts, especially concerning the presentation of artists of color.

NATIONAL TRENDS AND SERVICES

The Links, Incorporated is devoted to reducing barriers to services through leadership, education and service. This facet enables the membership to effectively empower all communities served.

INTERNATIONAL TRENDS AND SERVICES

The Links, Incorporated has a mission through its Global Trilogy of International Trends and Services, Non-Governmental Organization (NGO), and the Signature Program, "Education Across the Miles" works to expand the global platform for programs designed and developed to service the educational, health and cultural needs of people of African descent throughout the world.

HEALTH AND HUMAN SERVICES

The Links, Incorporated established the Health and Human Services facet in response to the chronic health disparities that persist in our communities and result in the decreased life expectancy of African-Americans. This new facet brings greater focus, resources, and coordination to The Links, Incorporated's health initiatives already in existence.

National STEM Initiative

The Links, Incorporated is committed to increasing student interest and participation in the fields of science, technology, engineering and mathematics (STEM). Students of color in K-16 will have the opportunity to develop the skills to compete and excel in a global workforce that is increasingly relying on individuals with STEM-related proficiencies.

In partnership with Tarrant County College District's
The Empowering Links Mentoring Program
